# FORGED TOOLS FOR THE STONEWORKER, QUARRYMAN AND CONTRACTOR

THE ITEMS illustrated in this bulletin represent our complete line of forged hand tools for the stoneworker, quarryman and contractor.

Long and practical experience with these trades enables us to thoroughly know their requirements and place on the market a line of tools that gives complete satisfaction in every respect.

The same thought in design and attention in production have been given the items illustrated, that have made the Dallett Pneumatic Products the Standard of the granite and stone industry.

These tools are standard in their respective fields and we therefore carry, at all times, a sufficient stock to make immediate shipment of all orders. This also is a point worthy of your consideration.
